## Textbook & Course Materials

### Required Texts:

1. Newman B.M., & Newman, P. R. (2018) Development Through Life: A Psychosocial Approach (13th ed.)
2. **This course will require MindTap from Cengage.** Log in to **CSC Online** and click on the Cengage Learning link. When prompted, create or log in with your Cengage account and follow the prompts to complete the registration process.
3. **Students in the Counseling Program only. Tevera:** Over the next few weeks you will receive an email from Tevera inviting you to register for this service. The Counseling Program has recently adopted Tevera software system for Practicum and Internship paperwork (e.g., site agreements, time logs, skill evaluations, etc.) and Student Key Assignments. You will gain access to this system by paying a one-

time program fee and will have access to Tevera during your time in the program and beyond graduation. This helpful resource also allows you to have access to your clinical records after graduation and log clinical hours post-graduation to ease licensure/certification processes. Your invitation will direct you to register and make your one-time purchase through the CSC Bookstore or directly from [Tevera](#). Though you will see this requirement in all your syllabi, please purchase Tevera only once. Tevera License +CCS-R© Assessment, ISBN# 978-0-9992321-5-6.

### **Course Connection to Program Portfolio (Degree-Seeking Students):**

A completed, approved, e-portfolio is a requirement for graduation. It is a visual showcase of your work that demonstrates professional growth, achievement, and competence in the field of counseling. The portfolio is used to document your philosophy of education and central concepts of student development. Your portfolio must include a syllabi and key assignment from each of your completed courses. **For this course, your portfolio must include a copy of the syllabus and your Developmental Milestones / Stories of Development Self-Reflection Paper.**

### **Method(s) of Instruction**

Course methodology is web-based. For assistance with technical questions, contact [helpdesk@csc.edu](mailto:helpdesk@csc.edu) or 308-432-6311. This course consists of individual participation through weekly assignments, collaborative discussions, and exams organized. **Each week typically begins at 1:00 AM Mountain Time, Monday and closes 10 PM Mountain Time, Sunday. The notable exception is the final week of class when all assignments close at 5 pm Mountain Time, Friday.** All dates and assignments can be found in the course schedule.

### **Course Requirements**

1. **Forums:** Each week you will have many opportunities to share your ideas. I will provide the topic and you will provide amazing reflection, insight, and discussion. Please see the rubric at the end of this syllabus.
  - A. A new forum will be available **Monday through Sunday** of each week. **To receive full points, you must participate with at least 1 original post and 2 replies, 3 of the 7 days the forum is open. I will not grade a post/reply when submitted after the forum closes.**
  - B. You MUST read a majority of your classmates replies and posts. Points will be subtracted if you read less than 50%.
  - C. **Each post must be a minimum of 250 words, and each reply must be a minimum of 200 words.** Additional posts and replies over the minimum can be any length. I recommend you NOT rely on MSWord's word count. It tends to result in a lower count than CSCOnline.
  - D. The faculty role is as an observer and facilitator. I will read and participate in the discussion as appropriate.
  - E. Your first forum is the CSC Online Profile. Please upload a photo of yourself! Not a photo of your family, or favorite park, or pet. The purpose of the photo is so that we can recognize each other's face. You will not write any posts for this particular forum.
  - F. Please also take the time to review the Discussion Forum Rubric found linked to your Course Home Page.

2. **MindTap Assignments** are found in your Cengage MindTap course. Once completed, you will automatically receive a grade and feedback for some assignments, while others will be manually graded and require you to view assignment feedback from within your Progress tab. Please follow the video link for further explanation on how to view assignment feedback in your Progress tab <https://play.vidyard.com/i3sc5XyJMUqoogvyCBkqrr> .
3. **Syllabus Quiz:** You will find this quiz in CSC Online-Weekly Lesson 1.
4. **MindTap Exams:** You will complete chapter exams/quizzes in MindTap.
5. **Developmental Milestones / Stories of Development Self-Reflection Paper.** Reflect on three developmental milestones in your experience, from three different developmental ages. Describe each experience, explaining it from the perspective of "story" in your life. One of the experiences should include involvement with a diverse population or relate to interacting with an individual, group or setting that is of a different ethnicity, race, sexual orientation, or socioeconomic status than you. Describe the social and cultural context in which your experience occurred. Analyze the ways in which the subsequent milestones relate to or were influenced by the first. Speculate on how these milestones might influence your future development in a particular area. Draw on and incorporate into your paper specific developmental theories for your analysis.

Choose a topic related to a developmental issue (e.g. mental retardation, autism, fetal alcohol syndrome, blended families, midlife crises, or Alzheimer's disease). The purpose of the project is for you to gain more knowledge in an area that you can use in your current or future work in counseling. The paper will be a minimum of 8-pages, APA style, include citations, and address the following:

- a. description of the problem / topic of investigation (review of the literature)
- b. why this problem / topic is important
- c. relevance of this problem / topic to minority populations
- d. how is this problem / topic addressed by mental health and school counselors (brief review of most relevant treatment, interventions, counseling strategies supported in the literature)
- e. a conclusion summarizing the topic including your personal perspectives and thoughts about the future of this topic.
- f. references (at least eight references, two of which must be accessed through the internet).

## Mental Health & Wellbeing

As a student, you will experience stress that may lead to mental health challenges. Signs and symptoms include (but are not limited to) strained relationships, anxiety, depression, feeling overwhelmed, alcohol and/or drug misuse, or loss of motivation or purpose. CSC Counseling & Health Services is available to support students struggling with these issues. The cost of services is covered through student fees and does not require insurance or additional funds. Students seeing a Licensed Student Counselor may benefit from virtual psychiatry services through the University of Nebraska Medical Center. Schedule an appointment by navigating to the Calendly link of a Licensed Student Counselor by visiting <https://www.csc.edu/healthserv/counseling-services/> or by calling (308) 432-6232 or visiting Crites Hall 343. Help is always available.

## **Referrals**

Chadron State College has a robust referral system, Eagles360, that was created to connect students with campus resources in time to provide maximum support. Faculty and staff members may submit Eagles360 referrals for any number of student success concerns (inconsistent class attendance, missing assignments, visible signs of stress or anxiety, passive suicidal ideation, etc.) that may be impacting peak academic performance. Once a faculty or staff referral has been received, students will soon be contacted by a dedicated staff member to discuss personalized next steps and resources. For more information, please email the Student Affairs office at [studentaffairs@csc.edu](mailto:studentaffairs@csc.edu) or the Director of Academic Success Services at [cmerchen@csc.edu](mailto:cmerchen@csc.edu).

## **Disability Services**

Chadron State College works to ensure that all programs, activities, and services, including electronic and remote services, are accessible to people with disabilities. Upon request and with appropriate documentation, CSC will provide reasonable accommodations to ensure that students have equal access to programs, activities, and services. All students, including those who have received accommodations via an IEP or 504 plan in previous educational settings, are encouraged to contact the Disability Services Coordinator, Ms. Deena Kennell, at 308.432.6467 or by email at [dkennell@csc.edu](mailto:dkennell@csc.edu) for more information.

I will update grades in Cengage MindTap each time a grading session has been completed—typically within **1-week** following the completion of an activity.

### CSC Academic Policies

The [Course Syllabus Policies website](#) lists academic policies that apply to **all** CSC courses. To review these policies, please click on the link or visit:

<https://www.csc.edu/vpaa/course-syllabus-policies>

You may also search for specific academic policies on CSC's [Policy Website](#).  
(<http://www.csc.edu/policy/>)

### Course-Specific Policies

#### ***Academic Honesty***

Students are encouraged and expected, with the assistance of the faculty, to conduct themselves in conformity with the highest standards with regard to academic honesty. Violation of college, state, or federal standards with regard to plagiarism, cheating, or

falsification of official records will not be tolerated. Students violating such standards will be advised and disciplined. Violations of these standards may result in course failure, suspension, or dismissal from the college. Students are encouraged to seek the advice of instructors as to the proper procedures to avoid such violations.

The following acts are examples of academic dishonesty:

1. Cheating – intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise.
2. Fabrication – intentional and unauthorized falsification or invention of any information or citation in an academic exercise.
3. Facilitating Academic Dishonesty – intentionally or knowingly helping or attempting to help another in an act of academic dishonesty.
4. Plagiarism – appropriating or imitating language, ideas, and thoughts of another author, representing them as one's own original work. The following acts are examples of plagiarism:
  - A. Submitting an assignment that someone else has written and claiming the work as one's own.
  - B. Submitting an assignment that contains sections, paragraphs, sentences or key phrases that someone else has written without appropriately documenting the source(s) for each portion of the assignment not written by the student submitting the assignment.
  - C. Submitting an assignment that contains paraphrased ideas from another source, published or unpublished, without appropriately documenting the source for each paraphrase. (Changing around a few words in a sentence from the source is not sufficient to avoid plagiarism.)

**Note:**

- "Someone else" in the three statements above may refer to a published author, another student, an internet source, or any person other than the student claiming credit for the assignment. If an individual is unsure in how to document sources used within an assignment, they are encouraged to ask their professor or the reference librarian for assistance.
- Appropriation or imitating language, ideas, and thoughts of another author and representing them as one's own original work is not tolerated. I will use Turn-it-In software to determine originality of your work. The first instance of plagiarism will result in failure of the assignment while more than one instance will result in failure of the course.
- View the [Academic Honesty Policy](#) on CSC's Policy Website (<https://app.policyiq.com/ChadronStateCollege/Content/View/3419?Key=c320bad9-cae1-4820-bac1-ec7a3b6d69ba>)

**Late Work Policy**

I do not accept late submissions for assignments, forums or exams. Late work due to extreme emergency conditions will be considered on an individual basis with supportive documentation such as a doctor's note or obituary. You must contact the instructor in a timely manner to determine if work is acceptable and if you will be granted a late exception. It is the student's responsibility to check the CSC online grade book to determine whether the instructor has graded assignments.

## ***Class Attendance/Participation Policy***

The College assumes that students will seek to profit from the instructional program and will recognize the importance of attending every class meeting of courses for which credit is expected. Responsibility for notifying faculty of absences, and for arranging potential make-up, rests with the students. In courses that utilize an online format, students are expected to participate in an appropriate and frequent manner, as determined by course instructor. View the [Class Attendance and/or Participation Policy](#) on CSC's Policy Website (<https://app.policyiq.com/ChadronStateCollege/Content/View/3432?Key=c320bad9-cae1-4820-bac1-ec7a3b6d69ba>)

1. **Internet Access:** In the case of a conference, work trip, or family vacation, it is the student's responsibility to make arrangements for Internet access. Therefore, online attendance in the course is expected.
2. **On Handling Technical Issues:** Our online learning environment is dependent on technology -- sort of like those taking a face-to-face class needing a car or some other means of transportation (or mobility) to get to class. I must also say that humans control technology and we can expect to be able to work through system glitches and failures quickly. Please see On Handling Technical Issues in CSC Online course resources. Please contact [helpdesk@csc.edu](mailto:helpdesk@csc.edu) or 308-432-6311 for assistance should you have any additional technical questions.
3. **Communication/Email Etiquette:** Though I typically respond quickly, please allow up to 24 hours for an email reply. Note, I may not be able to respond to an email on the day of, or hours before, an assignment is due or on weekends. Thus, please begin your assignments early. Always **remember when writing professionally to begin with a salutation, provide course information, and a signature. It is important that you address people with the proper title. When you address professors with an earned doctorate (PhD or EdD), please address them with their academic title. All of the Counseling Program professors at CSC should be addressed with the title Dr. or Professor, rather than Ms, Miss, Mrs, or their first names.** Individual professors may not mind if you address them by first name, however, never assume this to be the case. Should you not receive a response to your email, check to ensure that you have met all the above expectations as I may not respond to emails resembling an informal text message. Finally, **check your official CSC Eagle email account often** as all campus communications are sent to your Eagle mail.
4. **Confidentiality:** This course, like other courses in the Counseling Program, requires students maintain absolute confidentiality regarding all personal material revealed in class. Any breach of confidentiality will be considered a serious ethical and academic violation. If one is found to violate confidentiality the student's ability to continue the program will be in jeopardy.

## ***Personal Emergency & Academic Attendance/Participation***

In the event that a personal emergency (such as hospitalization, accident, death of an immediate family member, family crisis, or mental health crisis) requires an absence from courses or causes the inability to participate in class,

students must contact the instructor as soon as possible. Instructors may request documentation to validate such absences.

For personal emergencies that may cause the student to be unable to participate in the course for **three or more consecutive days**, please follow all instructions listed in the full "Personal Emergency & Academic Attendance/Participation" section on the "Course Syllabus Policies" website, linked above.

## Disclaimer

This syllabus and schedule are articulated as an expectation of class topics, learning activities, and expected student learning. However, the instructor reserves the right to make changes in this schedule that would result in enhanced or more effective learning. Modifications will not substantially change the intent or outcomes of this course and will be done within the policies and procedures of Chadron State College.

## Discussion Forum Rubric

This course works well when everyone is involved in discussing the material. Your **participation** throughout the week in each of the forums is essential. Your grade will be based on how much you say and how well it contributes to the work of the class, as well as total number of days you post in the forum, minimum word counts, and percent of total posts/replies read. Students are expected to offer comments, questions, and replies to the discussion questions that have been posed for each week as well as to classmate postings. The faculty role is as an observer and facilitator. I will read and participate in the discussion as appropriate.

I grade each of the discussion forums separately on a 4-point scale. Discussion postings that meet all criteria for a score level will receive the highest points possible at that level. Participation in discussion activities can only be accepted for grade by the date on the discussion posting. For example, you may have met all word counts for 3 entries, but entered them only on 2 different days. This will result in 2-points. To be clear, to earn full points each week you must at a minimum participate:

- Day 1-enter an original post that meets minimum word-count of 250 words,
- Day 2-enter a reply that meets minimum word-count of 200 words,
- Day 3-enter a reply that meets minimum word-count of 200 words,
- Read at least 50% of classmates entries.

### **4 Points: Have met ALL minimum expectations:**

Students earning 4-points for discussion activities have participated 3 or more times on at least 3 separate days in the week's forum (with at least 1 post and 2 replies), met the minimum word count requirements (**each post must be a minimum of 250 words, and each reply must be a minimum of 200 words**), **read a minimum of 50% of your classmates entries**, and posted outstanding information.

Discussion postings:

- are made in time for others to read and respond
- deliver information that is full of thought, insight, and analysis

- make connections to previous or current content or to real-life situations
- contain rich and fully developed new ideas, connections, or applications
- provide outside resources supporting your ideas.
- posted a minimum of 3 days over the week, meeting word counts.
- meet the minimum word count requirements.
- read at least 50% of classmates entries.

**3 Points: Have met 3, but not all, of the following expectations:**

- are made in time for others to read and respond
- deliver information that shows that thought, insight, and analysis have taken place
- make connections to previous or current content or to real-life situations, but the connections are not really clear or are too obvious
- contain new ideas, connections, or applications, but they may lack depth and/or detail.
- posted a minimum of 3 days over the week, meeting word counts.
- meet the minimum word count requirements.
- read at least 50% of classmates entries.

**2 points: Have met 2, but not all, of the following expectations:**

- are made in time for others to read and respond
- deliver information that shows that thought, insight, and analysis have taken place
- make connections to previous or current content or to real-life situations, but the connections are not really clear or are too obvious
- contain new ideas, connections, or applications, but they may lack depth and/or detail.
- posted a minimum of 3 days over the week, meeting word counts.
- meet the minimum word count requirements.
- read at least 50% of classmates entries.

**1 Point: Have met 1, but not all of the following expectations:**

- may not all be made in time for others to read and respond
- are generally competent, but the actual information they deliver seems thin and commonplace
- make limited, if any, connections, and those are often cast in the form of vague generalities
- contain few, if any, new ideas or applications; often are a rehashing or summary of other comments
- posted a minimum of 3 days over the week, meeting word counts.
- meet the minimum word count requirements.
- read at least 50% of classmates entries.

**Zero points: Below Expectations**

- Students earning zero points for discussion activities have not participated or have posted information that was below expectations.

### **COUN 637 - Developmental Milestones Self-Reflection Paper**

**Directions:** Developmental Milestones / Stories of Development Self-Reflection Paper: The purpose of this paper is to discuss your developmental milestones. According to Dictionary.com (2019), a milestone is a “significant event or action in the life, progress, development, or the life of a person, nation, etc.” (p. 1). Dictionary.com (2019) further defines a milestone as, “an action or event marking a significant change or stage in development” (p.1). Furthermore, Merriam-Webster (2019), defines a milestone as a “significant point in development” (p.1). Example: “Graduating from college was an important milestone in her life” (Merriam-Webster, 2019, p.1).

The topic of this paper is to reflect on three of your developmental milestones in your life, from three different developmental ages (example: birth, teenage years, and adulthood), and discussed from the perspective of three different developmental theories. Describe each of your developmental milestones or challenges. Explain your developmental milestones from the perspective of a “story” in your life. You will identify each developmental milestone separately in your paper.

One of your three developmental milestones should include involvement with a diverse population or relate to interacting with an individual, group or setting that is of a different ethnicity, race, sexual orientation, or socioeconomic status than you. As you discuss your developmental milestone, describe the social and cultural context in which your experience occurred. Analyze the ways in which the subsequent developmental milestones related to or were influenced by the previous developmental milestone(s).

Speculate on how these three developmental milestones, discussed at three different developmental ages, and from three different developmental theories or perspectives might influence your future development, knowledge and/or learning in a particular area. Draw on and incorporate into your paper, three specific developmental theories for your analysis.

The purpose of this paper is for you to gain more knowledge in an area that you can use in your current or future work in mental health counseling, school counseling, or education. Identify and discuss each developmental milestone separately in your paper. Discuss each of the three developmental milestones from three developmental ages, and from three different developmental theories.

The paper will be a minimum of 8-pages, double-spaced, American Psychological Association (APA) style, and will include in-text citations, as well as in the Reference Page, and address the following (**Use these exact titles as your section headers; do not abbreviate these headers**):

- Title Page (Required):** Title of this paper; your name; the name & number of this course; the semester & date; my name as the instructor). No Abstract or “Running head” is required.
- Description of your three developmental milestones.**

- c. **Why are your three development milestones important** (Review the literature on your three developmental milestones).
- d. **Describe your three milestones from different developmental ages** (Example: teenage years, adult, elderly).
- e. **Identify, discuss and relate three developmental theories to your three developmental milestones** (Relate each of the three developmental theories to each of your three developmental milestones).
- f. **Relevance of your three developmental milestones & relationship to minority populations** (Example: Why are your three developmental milestones, discussed at three different developmental grade ages, and viewed from the perspective of different developmental theories important to minority populations? Discuss and review the research literature!)
- g. **How are your three developmental milestones addressed by mental health counselors, school counselors, and/or educators** (Briefly review your three developmental milestones. Discuss the most relevant treatment, interventions, and counseling strategies for each of your three developmental issues. Describe and explain how mental health counselors, school counselors or educators might support individuals dealing with these three developmental challenges). (**Review of the literature**)

**H. Conclusion** – Summarize your discussion of your three developmental milestones, from three different developmental ages, and from the perspective of three different developmental theories. Include, in your discussion, your research and personal perspective for each of these developmental milestones. Discuss your thoughts about the future of these developmental challenges.

**Reference Page** – Required: At least eight (8) references, two of which must be Internet citations. Include in-text citations and references in the Reference page. Do not include references in the Reference page that have not been discussed in the body of the paper
